**Save Our NEIGHBORHOOD - STOP PAYOLA POLITICS**

Politics are too often dominated by greed, corporatism, militarism and the narrow two-party duopoly. This has led humanity to ecological collapse, social inequity, and economic catastrophe.

I will bring the ethical and moral imperatives of the Greens' Ten Key Values to Sacramento: (Ecological Wisdom, Social Justice, Grassroots Democracy, Nonviolence, Decentralization, Community-Based Economics, Feminism, Respect for Diversity, Personal and Global Responsibility, and Future Focus/Sustainability).

If elected, I will advance legislation to:

-Mitigate global warming and promote a healthy environment.

-Implement public financing of elections and ban corporate contributions and lobbying.

-Guarantee universal single payer healthcare.

-Ensure Human Dignity and fair Immigration rights.
