

Vote for Cynthia McKinney Rosa Clemente for President/Vice President

A former six-term Member of Congress from Georgia, Cynthia McKinney proved herself a courageous voice for the voiceless, unafraid to speak truth to power.

- * Consistently opposed funding for bloated military and secret intelligence budgets;
- * Introduced Articles of Impeachment for George Bush, Dick Cheney, and Condoleezza Rice;
- * Introduced, championed, and passed in the U.S. House the Arms Trade Code of Conduct, prohibiting the sale of arms to known human rights abusers;

Rosa A. Clemente:

"This campaign is the opportunity the Hip-Hop generation has been working for. This is our time to address the issues affecting our communities: rising unemployment, the high cost of food and housing, a lack of quality public education and access to higher education, the prison-industrial complex, and unaccountable corporate media. These issues are not being addressed by either the Republican or Democratic nominee."

Vote for Jack Lindblad for California Assembly, 39th District

An Architect and long time Community Activist in the San Fernando Valley, Jack Lindblad is dedicated to protecting the environment. Jack has helped form neighborhood councils, co-authored sustainable community plans, and is an advocate for revitalizing the Tujunga-Pacoima Watershed.

Jack Lindblad:

"Once elected, I will remain a Green, supporting and advancing legislation, one: to reduce and cope with global warming's economic, political, social and environmental effects, to see a transition to a green-collar economy and relocalization to promote sustainable living and to stop neighborhood gentrification, two: to guarantee quality universal single payer healthcare for all, and three: to ban all corporatist lobbying and campaign spending with implementation of public financing of elections. I will promote legislation to immediately end immigration raids and deportations. Social justice issues are inextricably tied to environmental justice and must be part of the environmental agenda."

People before profits.

Nature for people, not for business.

The Real Difference: Dispelling the Myth of 2000

Who Really Spoiled in 2000?

The Supreme Court Spoiled:

George W. Bush became President when a US Supreme Court (stacked by his father, President Bush) allowed election manipulation by Florida Republicans.

Al Gore Spoiled:

Al Gore won the 2000 election but allowed himself to be put aside. Millions of Democrats voted for Bush compared to the few hundred thousand who voted for Nader.

Democratic Senators Spoiled:

When the Black Caucus challenged Bush's election victory in January 2001, not one Democratic Senator stood up in support. Senate Democrats failed to push for an investigation of the Florida vote debacle.

The Democratic Party Spoiled:

For many years, Democrats never objected when officials removed African American and other voters from the voter rolls in Florida and other states. Why didn't the Democrats sue when 90,000 Florida voters were disqualified earlier in 2000? Why were Democrats (including Gore) silent about disqualified votes in the weeks after the election?

*"We are not the alternative;
we are the imperative."*
